Submission Requirements

Required Information & Submission Instructions

All medical and industry poster submissions must include:

- □ Poster Title & 300-word max Abstract
- □ Presenter name, credentials, and email address
- □ Institution, practice, or company

How to Submit: Complete the official MOASC fillable Poster Submission Form and email the saved PDF to submissions@moasc.org by the event's published deadline. Supporting documentation may be included as separate attachments.

Incomplete submissions may delay review.

Medical Poster Presentations

Medical poster submissions are peer reviewed by the MOASC Program Committee. Accepted submissions may be eligible for poster awards, depending on the event.

Industry Poster Presentations

Industry poster submissions are reviewed for educational appropriateness and available display space and must register under the appropriate registration category.

Please also provide:

- □ Corporate Partnership Level (if applicable)
- □ Billing Contact
- □ Billing Email Address

Poster presentation fees (if applicable) must be received by the published payment deadline.

Helpful Notes

- **Abstracts must not exceed 300 words**. Titles and author information are not included in the word count.
- **Encore presentations** are welcome.
- The **presenter** does not have to be the primary author, but should be knowledgeable about the material and available to answer questions during the presentation.
- **One presenter registration** is included with each accepted medical poster.
- Additional presenters or attendees must register separately at the applicable registration rate.
- **Acceptance** does not guarantee participation. Registration and payment (when applicable) must be completed by the published deadlines.
- **Authors** retain ownership of all submitted abstracts and posters.
