

MOASC and ANCO present: Immuno-Oncology Symposium

Saturday, November 11, 2023

Fairmont Miramar in Santa Monica

8:30 AM Registration, Continental Breakfast, and Engage with Exhibiting Supporters

9:00 AM Welcome and Introductions by Course Chair and Co-Course Chair

Kim Margolin, MD and Lawrence Fong, MD

9:05 AM Cancer Immunology Primer

Kim Margolin, MD, Saint John's Cancer Institute, Providence

9:25 AM Q&A

Session Topic: Immunotherapy Management Challenges

Moderated by: Kim Margolin, MD, Saint John's Cancer Institute, Providence

9:30 AM Optimal Treatment Response Assessment on IO -RECIST, iRECIST, ImmunoPET

Anna M. Wu, MD, PhD, City of Hope

9:45 AM Determining Optimal Treatment Duration

Allison Betof Warner, MD, PhD, Stanford

10:00 AM Long and Short Term Toxicity Management in Immuno-Oncology

Katy Tsai, MD, UC San Francisco

10:15 AM The Role of Immunotherapy in Patients with Brain Metastases

Kim Margolin, MD, Saint John's Cancer Institute, Providence

10:30 AM Immunotherapy in Solid Organ Transplant Patients or Those With Autoimmune Disease

Greg Daniels, MD, UC San Diego

10:45 AM Panel: What Does Stage IV Survivorship Look Like After Immunotherapy?

11:00 AM Coffee Break with Exhibiting Supporters

Session Topic: Combining Immunotherapy with Other Treatment Modalities

Moderated by: Thach-Giao Truong, MD, Cleveland Clinic

11:15 AM Perioperative Immunotherapy in Melanoma

Thach-Giao Truong, MD, Cleveland Clinic

11:30 AM Perioperative Immunotherapy in Lung Cancer

Karen Reckamp, MD, Cedars-Sinai Cancer Center

11:45 AM Radiation and Immunotherapy Combination Strategies

Arta Monir Monjazeb, MD, PhD, UC Davis

12:00 AM GU Targeted Therapy and ADC Novel Immunotherapy Combinations

Tanja Dorff, MD, City of Hope

12:15 PM Perioperative Immunotherapy in Colorectal Cancer

Syma Iqbal, MD, University of Southern California

12:30 PM Panel: Novel Treatment Combination Strategies and What's Next

12:45 PM Lunch with Exhibiting Supporters

Session Topic: Modulating the Anti-Tumor Immune Response

Moderated by: Lawrence Fong, MD, UC San Francisco

1:45 PM Intratumoral Therapy

Bartosz Chmielowski, MD, PhD, UCLA Health

2:00 PM Adoptive Cell Therapy for Solid Tumors/Biomarkers of Immunotherapy Response

Anusha Kalbasi, MD, Stanford

2:15 PM Tumor Vaccines

Stephen Schoenberger, MD, La Jolla Institute of Immunology, UCSD

2:30 PM Targeting Tumor Microenvironment

Bridget Keenan, MD, UC San Francisco

2:45 PM Panel: Challenges in Developing New IO Strategies

3:05 PM Coffee Break with Exhibiting Supporters

Session Topic: Best of SITC

Ashkan Lashkari, MD, Wellness Oncology, MOASC President

3:30 PM SITC Review

Ashkan Lashkari, MD, Wellness Oncology, MOASC President

3:50 PM Plenary: Rethinking the Determinants of Response to Cancer Immunotherapy

Lawrence Fong, MD, UC San Francisco

4:30 PM Panel

Dr. Margolin, Dr. Fong, Dr. Lashkari, Dr. Truong

4:55 PM Wrap and Thank-You

Kim Margolin, MD, Saint John's Cancer Institute, Providence

5:00 PM Conference Reception with Exhibiting Supporters
